

This is a suggested sequence of courses; you will work on an exact plan with your advisor. Courses taken in first year depend on math placement. In order to graduate, you must fulfill 39 credit hours at the 300/400 level. \*Research courses may be taken in any semester; two hours are required for the degree. If CHEM 431 is a chemistry elective choice, BIOL 141 and BIOL 334 are required.
