

prepared for the Spring 2017 IT Alliance meeting

- Enrollment has been growing steadily.

has doubled since 2011-2012.

from 100 students to nearly 300 students over the past year.

are taught by faculty in our department--four of the seven core MBA courses
in MBA concentrations.

enrollment has increased from 18% to 32% over the past few years.

it has the largest number of students earning minors in the RCOB.

dedicated and motivated faculty. In addition to having fulltime teaching loads,
CS and MBA growth, achieved numerous publications in top journals, and
engagement and USI-related committee work.

highlighted samples of the ways our faculty has also been engaged in service
and benefit our students:

Information Systems Competitions

Alliance Scholarship recipients

Student Organizations

Speaker Panels

IT Security Operations

Interface LAB

Faculty User Group

Opportunity to thank our hard-working students, our dedicated faculty, the IT
